TRB Annual Meeting 2015

Sustainability Measurement Subcommittee (ADD 40- 1)

Meeting at: Marriott Marquis, Independence D (M4)

Time: Wednesday, January 14, 4:30PM- 6:00PM

Presiding:; *Henrik Gudmundsson, Dan Hardy*

Draft agenda (approximate timings)

4:30 – 4:40 Welcome, round of introductions, note taking

4:40 – 5:00 Status on items discussed last year (see minutes)

- Global sustainability agenda and transportation (*Cornie Huizenga*)
- University course curricula in sustainable transportation (*Bruce Appelbaum*)
- Money as a universal metric for sustainable transportation (*Gary McVoy*)

5:00 – 5:30 Discussion of criteria for sustainability indicator frameworks (SUSTAIN project)

The SUSTAIN project coordinated by the Technical University of Denmark (DTU) aims to study to what extent good practice for integrating sustainability is followed in performance indicator frameworks used by transportation departments and agencies.

Yannick Cornet, DTU doctoral student will present a meta-framework for this analysis and will invite meeting participants to interactively engage in exploring how the framework could be applied in empirical research (Note the framework was presented at TRB the day before in LECTERN Session 677 on Tuesday 3:45PM- 5:30PM, Chaired by *Todd Litman*. It may also be useful to consult the NCHRP 750 report “Sustainability as an Organizing Principle for Transportation Agencies”)

5:30 – 6:00 Ideas for new or follow-up activities

- Walk-21 – Measuring Walking (*Ryan Martinson*)
- Sustainability measurement partner organization database (*Dan Hardy*)
- ITE Mobility Hubs project (*Jim Gough*)
- Others from attendees

6:00 Adjourn
